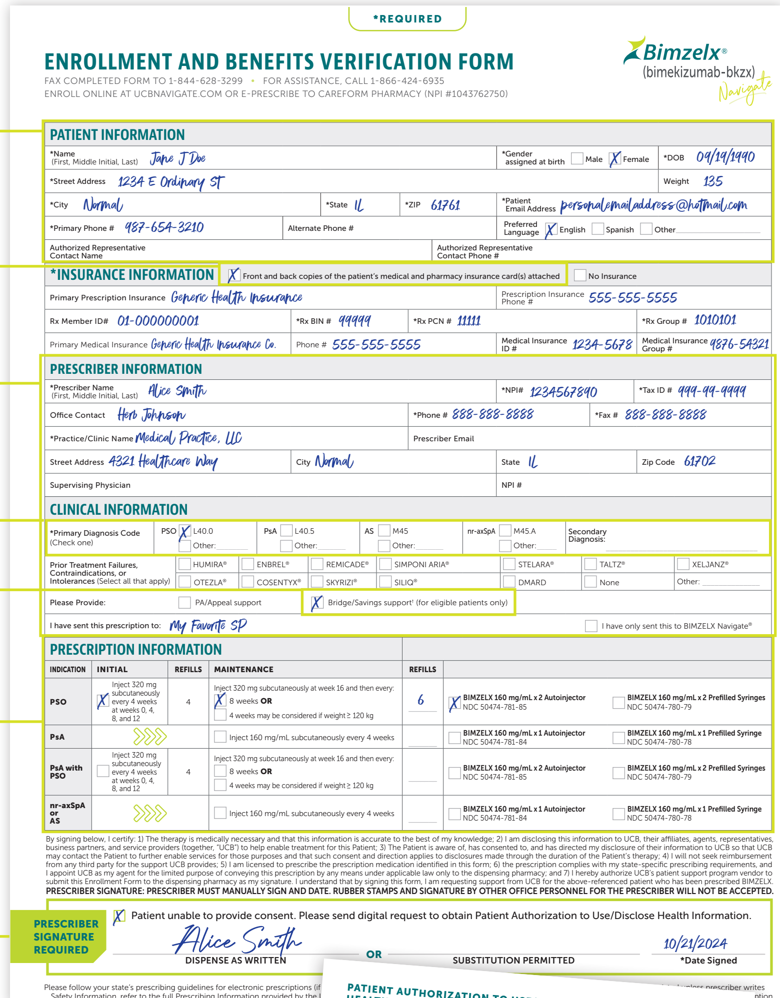
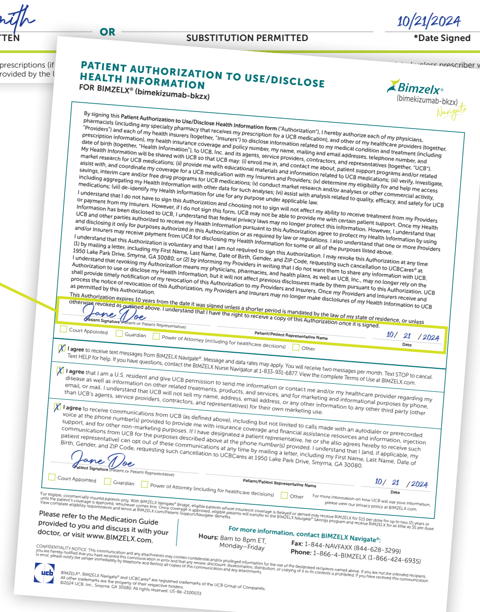
PATIENT ENROLLMENT FORM GUIDE

Bimzelx® (bimekizumab-bkzx) Navigate

Enrolling your patient in BIMZELX Navigate® is easy. Start your patient's treatment by following these important steps.

- Small errors in things like name, address, or date of birth (DOB), or missing required information can lead to delays or complications in the process. **Verify that all personal information is correct** and up-to-date ***before*** submitting the form.
- Fax a copy (front and back) of your **patient's insurance** and pharmacy benefit cards along with the Patient Enrollment Form. If you are unable to fax your patient's insurance cards, please fill out your patient's insurance information under Insurance Information.
- Complete all fields for **Clinical and Prescriber Information**. This will help to communicate with the patient's insurance company during the verification process and to schedule shipments of BIMZELX®.
- The patient's **Primary Diagnosis Code** will be used to identify medical diagnosis and verify benefits. It is required to initiate processing.
- To properly enroll eligible patients into BIMZELX Navigate Bridge, it is important that **BOTH** the **Bridge/Savings support** checkbox is checked and the **Prescription Information section** is filled out.
- Proper and accurate **dosing information** is important for both the patient's Specialty Pharmacy and BIMZELX Navigate to verify the patient's benefits and streamline prescription fulfillment.
- A completed **prescriber signature** gives permission to send a patient's prescription to the appropriate pharmacy. Without this signature, the patient cannot start on BIMZELX.
- Confirm that the form is **filled out in full**.
- Once all sections are complete, **fax to 1-844-NAVFAXX**.





! **IT IS VERY IMPORTANT THAT YOUR PATIENT SIGNS THE SECOND PAGE OF THE ENROLLMENT FORM.**

It is one of UCB's fundamental priorities to protect your patient's information and privacy. To ensure patients have access to all the support BIMZELX Navigate has to offer, it is critical we first obtain patient authorization to use/disclose health information.

Is your office new to BIMZELX Navigate?

Speak with your BIMZELX representative or call 1-866-4-BIMZELX (1-866-424-6935) to start.
